Adenoids, effect of removal on mental development *388
American Association for Study of Feebleminded, annual meeting 772
American Neurological Association, annual meeting 621
American Psychiatric Association, annual meeting 621
Angell, E. B.: Effect of removal of adenoids and tonsils on mental development *388
Animals, self-stimulation habits of *724
Astereognosis, probably of peripheral origin, case of 797
Ataxia, Friedreich's, histopathologic findings in case of *37
Atropin, action on visceral reflexes 124
Bailey, P.: Tumors of pineal body *423
Bárány test in cerebellar disease 517
Barrett, A. M.: Hereditary and familial factors in the development of psychoses *1
Birth hemorrhages, intracranial 138
Blood, biochemical studies of, in personality disorders *743
circulation of extremities, diseases of ... 512
sugar studies in experimental pituitary and hypothalamic lesions; review of literature *335
BOOK REVIEWS:
Anatomic Study of Central Nervous System of a Dog Whose Pallium had been Removed; A. Ferraro 420
Beyond the Pleasure Principle; S. Freud. 145
Clinical Studies in Epilepsy; D. Fraser .. 150
Criminology; E. H. Sutherland 151
Die Kreuzung der Nervenbahnen und die Bilaterale Symmetrie des Tierischen Körpers; Jacobsohn-Lask 678
Dynamic Psychology; D. T. Moore 545
Elements of Scientific Psychology; K. Dunlap 680
Group Psychology and the Analysis of the Ego; S. Freud 287
Harvard Health Talks. A Present-Day Conception of Mental Disorders; C. M. Campbell 153

BOOK REVIEWS—Continued
Infantile Paralysis in Vermont, 1894-1922. A Memorial to Charles S. Caverly, M.D. 154
Insanity and the Criminal Law; A. W. White 285
International Clinics, Vol. I 810
International Clinics, Vol. IV 422
Leitfaden der Elektrodiagnostik und Elektrotherapie; T. Cohn 283
Maladies des Nerfs Périphériques et du Sympathique; Pitres, Vaillard and Laignel-Lavastine 152
Medical Sciences in German Universities. Study in History of Civilization; T. Billroth 810
Pathologic Anatomy of the Senile Psychoses; A. Frigerio 284
Pratique Semilogique des Maladies Mentales; P. Sollier and P. Courbon 419
Principles of Psychotherapy; P. Janet .. 676
Tumors of Spinal Cord; C. A. Elsberg .. 811
Brain abscess, diagnosed as acute vascular accidents 407
anatomy, correlation of recent advances in cerebral structure and function with feeblemindedness 793
anatomy, relation of claustrum to nucleus amygdalae and to the area piriformis, and especially to the tractus olfactorius 133
cholesteatoma of third ventricle with bilateral Argyll Robertson pupils 522
comparative anatomy; amphibian forebrain; amblystoma, external form; olfactory bulb of amblystoma 514
comparative anatomy; cortical lamination pattern of opossum, Didelphys virginiana 521
comparative anatomy; course and distribution of radix mesencephalica trigemini in cat 405
comparative anatomy; experimental study of cerebral physiology of Virginian opossum 522
comparative anatomy; rhinencephalon of delphinus delphis 263
comparative embryology; experiments on transplantation of olfactory placode in amblystoma 796
comparative embryology; experiments on transplantation of placodes of cranial ganglia in amphibian embryo 630
corticothalamic relations in motor zone of rabbit 266

Brain—Continued
differential diagnosis between cerebral degeneration 414
effect of thyroparathyroidectomy and parathyroidectomy on growth of brain and spinal cord of albino rats..... 406
ependymoma 282
function, progress in study of..... 626
glioma, multiple, of cord and..... 631
hemorrhage, with convulsions..... 656
pathology, clinical and anatomical contributions on *226
pneumography; its dangers and uses.....*580
rôle of oxydizing ferments in vital phenomena of neuron..... 787
senile plaques, development of..... 796
tuberculoma, cortical, with operation.... 268
tuberculoma, multiple brain tumors..... 658
tumor, combined ventricular and lumbar puncture in diagnosis of..... 278
tumor, metastatic 633
tumor, multiple 657
tumor of pons..... 655
tumor, papillomas of choroid plexus....*681
tumor, porobulbia and solitary central neurinoma 504
tumor, position of head in tumors above and below tentorium.....*711
vascularity, changes in, in brain stem and cerebellum of albino rat..... 634
weight, significance of.....*385

Cady, L. D.: Tryparsamide in syphilis of nervous system *80
Cancer, rapidly developing paraplegia associated with *471
Carbon monoxid poisoning, clinical and anatomic findings in..... 508
monoxid poisoning, unusual cortical change in *191
Cerebellum; development of Purkinje cells and of cortical layers in cerebellum of albino rat 265
muscular coordination in relation to.....*289
Cerebrospinal fluid, cell and albumin content of 793
Lange gold chlorid reaction in infants and children 405
Choroid Plexus and uremia 260
papillomas of *681
Claude, H.: Attempt at biologic diagnosis of states of excitement and of depression.*729
Confusional crises, sympathetic tonus in.. 790
Corpus Striatum, 14 simultaneous cases of an acute degenerative striatal disease.*549
Crying, pathological 134
Cushing, H.: Papillomas of choroid plexus.*681

Davis, L. E.: Decerebrate rigidity in man.*569
Papillomas of choroid plexus.....*681
Relation of sympathetic nervous system to muscle tone.....*197
Davis, T. K.: Results of administration of tryparsamide in syphilitic disease of nervous system and in certain other diseases of nonsyphilitic character... *86
Dementia praecox (chronic hypothymia).. 795
Depression, attempt at biologic diagnosis of states of excitement and.....*729
Dercum, F. X.: Nervous system in light of Einstein's interpretation of energy....*164
Diabetes Insipidus, juvenile 520
Diabetes Mellitus, coma in, report of fatal case with insignificant ketonuria.... 635
Diathermy in peripheral nerve paralysis. 802
Donaldson, H. H.: Brain weight.....*385

Ebaugh (Dr.) becomes professor of psychiatry at University of Colorado..... 116
Eckel, J. L.: Friedreich's ataxia *37
Einstein's theory, nervous system in light of interpretation of energy.....*164
Electrical theory of neural energy.....*155
Electrocardiogram in cretinism and in Mongolian idiocy 406
Emotions, mechanism of 539
Encephalitis, acute serous, newly recognized disease of children..... 410
Encephalitis, Epidemic, abnormal tongue movements following 661
blood ferments in 635
hemiplegic form of..... 139
postencephalitic behavior disturbances without physical signs..... 265
sequelae of 401
tonus of vegetative nervous system in, explored by pharmacologic tests..... 393
unusual case of 276
Endocrinology and otolaryngology..... 625
Epilepsy, effect of fasting on metabolism in 405
induced, case of..... 799
jacksonian, plantar reflex in.....*592
jacksonian, with preservation of consciousness 139
ketogenic diet in 520
psychologic data regarding interpretation of essential epilepsy..... 269
treatment with Pasteur vaccine and injection of sterilized milk..... 632
Excitement, attempt at biologic diagnosis of states of depression and.....*729
Extra-Pyramidal System, anatomy, clinical syndromes and physiology of.....*596

Extremities, study of diseases of circulation of 512
Eye structure in normal and eye-mutant drosophilas 521

Favill, J.: Mechanism of induced rotary and vertical nystagmus *479
Feeblemindedness, correlation of recent advances in cerebral structure and function in 793
physiology of feeblemindedness.....*497
Ferments, oxydizing, rôle of, in vital phenomena of neuron..... 787
Fetus, physiology of nervous system in... 510
Frazier, C. H.: Subtotal resection of sensory root for relief of major trigeminal neuralgia *378
Fröhlich's syndrome, case suggestive of.... 650

Goiter, exophthalmic, case with large thymus 653
roentgen-ray treatment, differential improvements in symptoms of toxic goiter during rest and..... 406

Habits, self-stimulation, of young wild animals *724
Hallucinations, reflex hallucinatory process. 628
Hassin, G. B.: Spinal contusion.....*369
Hemianopia as sole clinical feature in untreated secondary syphilis..... 266
Hemiplegias, cerebral, dynamic components of 792
certain tonic or postural reflexes in.... 393
Henry, G. W.: Biochemical studies of blood in personality disorders.....*743
Henschen, S. E.: Brain pathology (abstracts and comments by W. F. Schaller)..*226
Heredity, cellular basis of inheritance..... *26
hereditary and familial factors in psychoses *1
pathologic processes in extraneural systems of body in hereditary and familial nervous and mental diseases..... *47
pathology of hereditary and familial nervous and mental diseases..... *96
psychopathologic states observed in individuals and those repeated through generations 399
Herpes zoster and Hodgkin's disease..... 522
Hodgkin's disease: See Lymphogranulomatosis
Horrax, G.: Tumors of pineal body.....*423
Hydrocephalus, hypophysial pressure symptoms due to, causing cystlike distention of third ventricle..... *71
Hyperthermia, study of.....*754
Hypothalamic and pituitary lesions, experimental, blood sugar studies in; review of literature *335
